Re: Alert Ambulance Trip Viewer

To Whom it may Concern:

We have been very fortunate to be associated with Alert Ambulance as our preferred medical transport service. I have been using the Trip Viewer on-line transportation scheduler for several months. I have been very happy with the ease of use and the reliability of the program. There is no comparison between Trip Viewer and Logistcare's on-line service. I am so happy Alert Ambulance has included us in their product launch.

Thank you for the great support and professionalism you have continued to provide.
